## DETAILED ACTION

### *Claim Objections*

1. Claims 40 and 41 are objected to because of the following informalities: Claims 40 and 41 are dependent on claim 38. It appears to the examiner that these claims should be dependent on claim 39. Appropriate correction is required.

### *Allowable Subject Matter*

2. Claims 21-39 are allowed.
3. The following is a statement of reasons for the indication of allowable subject matter: Claims 21, 30, 36, and 39 of the current application teaches similar subject matter as the prior art of Wakai et al. (US 6,587,861). However Claims 21, 30, 36, and 39 are allowed for the reasons pointed out by the applicant's remarks (page 9, 4th paragraph – page 12, 5th paragraph). Specifically, the prior art fails to teach ***“displaying a print window related to just one print job, the user permitted to modify the printing parameters on the print window without any other window having to be displayed”*** and in response to selecting a button on the print window, ***“displaying a job schedule window wherein the job display window is being displaying separately from the print window such that there is no common window encompassing both the job schedule window and the print window”***.
4. Claims 22-29, 31-35, 37, and 38 are allowed for being dependent on an allowable base claim.
5. Claims 40 and 41 would be allowable if the objection to the claim dependency is overcome.

6. This application is in condition for allowance except for the following formal matters: Claims 40 and 41 are dependent on claim 38. It appears to the examiner that these claims should be dependent on claim 39. Appropriate correction is required.

Prosecution on the merits is closed in accordance with the practice under *Ex parte Quayle*, 25 USPQ 74, 453 O.G. 213, (Comm'r Pat. 1935).

A shortened statutory period for reply to this action is set to expire **TWO MONTHS** from the mailing date of this letter.
